

**COUNTY OF SACRAMENTO
CALIFORNIA**

For the Agenda of:
September 14, 2006

To: Board of Supervisors
From: Department of Regional Parks
Subject: Report Back: Campus Commons Golf Course
Contact: Gary J. Kukkola, Interim Director, 875-6283

At the September 6, 2006 Final Budget Hearings, the Board requested a report back regarding the timing of the re-opening of the Campus Commons Golf Course.

The Arden Parallel Force Main interceptor project is completed in the area of the golf course. Mitchell Engineering is maintaining the water line that is on the levee side of the golf course, and ensuring that the tree screen is kept alive. On the golf course, a temporary connection to the existing irrigation system is in place. The greens and fairways are in fair to poor condition, and some trees are showing signs of stress. The golf course irrigation system will be replaced under a separate contract. There are still several unresolved issues related to the reconstruction of certain parts of the golf course, and the parties involved are working through County Counsel's office to help resolve those issues. The golf course cannot be reopened until those issues are resolved. It is anticipated that the re-opening of the golf course will occur in the spring of 2007.

Once the repairs to the golf course are completed, the Sacramento Regional County Sanitation District has committed to assisting with promoting the future re-opening of the golf course.

Respectfully submitted,

APPROVED:
TERRY SCHUTTEN
County Executive

GARY KUKKOLA, Interim Director
Department of Regional Parks
